All sessions are individual, usually 30 minutes in length and consist of one to two sessions per week depending upon need. I am at Incarnation on Tuesdays, Wednesdays, and Fridays from 8am to 1pm generally. Children are seen during those hours in the "Speech Club" room located off the main fellowship room. The fee for a thirty minute session is \$37.00. All services are on a private pay basis but may be covered by your private insurance. I regret, however, that I do not file insurance and only accept direct pay. You may file listing my services as an out-of-network provider and I will provide you with insurance coding. Bills are sent out on a monthly basis and **full payment is expected by the 15th of each month.**

Below is some brief background information:

I received a bachelor's degree from Auburn University and a master's degree in Speech Pathology from Vanderbilt University. I was the former director of the Scottish Rite Childhood Aphasia Program for five years, have worked at Harwood Center, a program for children with special needs, from 1988-2002, and maintain a private practice.

I have undergraduate and master's degrees in Speech Pathology, have worked exclusively with children, am certified and licensed, and continue to pursue learning through continuing education courses.

Benefits of receiving speech therapy at Incarnation:

- Goals are a shared effort between the parent, teacher, and speech therapist creating carryover and consistency-NOT an isolated service.
- Speech therapy services are delivered on-site easing the parents' schedule.
- At the onset of therapy, you will attend a parent conference and be given goals and home suggestions. These goals are updated periodically and this information will be shared with you.
- Regular communication- After each session, you will receive a progress note or homework. In addition, I am available at any time for any questions that you may have.

If you have any questions about my service, please feel free to contact me. I look forward to serving you and your child.

Sincerely,

Gwen Ennis
